

## **FACILITIES USAGE COMMITTEE**

### **Community Forums Talking Points**

- The Facilities Usage Committee has reviewed relevant district level data and established criteria around the efficient and effective use of facilities.
- The Committee values community input and have arranged for four public forums in September based on the criteria established.
- After consideration of public input in September, the Committee will apply the criteria to the Jeffco facilities and begin to draft recommendations.
- The Committee will take the recommendations out for public review and opinion in November.
- In December, the Committee will make final recommendations to the Board of Education.
