

5 Things to look for in an Online School High School

1) Individualized attention

Jeffco's 21st Century Virtual Academy has small teacher to student ratios to ensure your student receives all the help and support they need throughout their year. Our students receive personalized attention from highly qualified Jeffco teachers.

2) Community

Jeffco's 21st Century Virtual Academy delivers a vibrant community program that offers our students all of the experiences that are available to students that attend traditional brick and mortar high schools.

3) District support

Jeffco's 21st Century Virtual Academy is sponsored and supported by Jeffco Public Schools with over 50 years experience educating students.

4) 21st Century skills

Students get a 21st Century learning experience through the use of video, instant messaging, text messaging, blogs, and web conferencing.

5) Curriculum

Jeffco's 21st Century Virtual Academy courses are aligned to state standards and meet the rigorous academic expectations set forth by the district.
