Next set of eight (8) slides were prepared by Jim Earley for the Sept. 25, 2018 SAC/DAC meeting but not presented
DAC Goals for 2019

**Charter Subcommittee**
Develop a set of rubrics for new charter applications and renewals for consistency and fairness in process

**DUIP Subcommittee**
Include additional analysis and recommendations for SEL/BH

**DUIP Subcommittee**
Partner with GT/SEL resources for input throughout DUIP process

**Budget Subcommittee**
Refine SAC Survey for improved input into Budget process

**DAC/SAC Cohesion**
Develop supports and resources for Artic Reps to support the needs and voices of their area schools

**SEL Supports**
Provide a liaison from DAC to work with Kevin Carroll on any SEL initiatives

**FSCP Subcommittee**
Redefine FSCP surveys for actionable outcomes in DUIP/Budget process and Board Policy

**Budget Subcommittee**
Tighter alignment and inputs from DUIP, FSCP into budget process

**DAC Leadership Initiatives**
Engage district staff on SEL, Safety, Culture initiatives aligned to DAC mission

**Bylaws Subcommittee**
Provide supports for SACs to Review/Create/Update Bylaws

**Inter-District Collaboration**
Host Inaugural DAC Leader forum for DACs across Front Range

Articulation Area Representatives

- The voice of local schools on the DAC
  - Work with SACs and Principals to form a dialog between DAC and SACs
- One representative for each high school articulation area
- 3 representatives for Charters
- 1 representative for Option Schools
- Meet with Articulation Area SACs at least once a year
NEXT FOUR (4) SLIDES

BOOKLET AVAILABLE AT BREAKOUT SESSIONS WITH BOARD OF EDUCATION MEMBERS
This document is intended to present a balanced and factual summary of the 2018 school funding ballot initiatives.
Ballot Question 5A
Factual Information

WHAT IS A MILL LEVY OVERRIDE?
A mill levy override is a voter-approved property tax that provides funds for the school district’s general fund. These funds go to our local schools and not to the state.

The Board of Education has approved a $33 million mill levy override ballot question (adjusting annually for inflation) that will appear on the ballot as question 5A.

MILL LEVY OVERRIDE USES FROM BALLOT QUESTION 5A
- Expanding programs in science, technology, engineering & math (STEM) & in career/technical education
- Attracting & retaining high quality teachers by ensuring the district is able to be competitive in compensation & benefits for teachers & staff
- Improving student safety by increasing mental health & counseling professionals to improve student mental health services, including suicide prevention & substance abuse counseling
- Updating aged & outdated instructional resources such as books, supplies & technology
- Increasing early education programs

WHAT IS THE TAX IMPACT?
Residential: $2.10/month per $100K in value
- $300K home = $6.31/month
- $500K home = $10.52/month

Non-Residential: $8.47/month per $100K in value
- $300K property = $25.41/month
- $500K property = $42.35/month

*Figures are approximations based on available data.

RESTRICTIONS & ACCOUNTABILITY
- No revenue … will be used for senior district administration
- The spending … will be reviewed by the citizen’s Financial Oversight Advisory Committee
- The funds are subjected to an annual independent audit

ARGUMENTS MADE FOR BALLOT QUESTION 5A
Jeffco Public Schools is underfunded compared to surrounding districts. 5A will help Jeffco compete for quality teachers and staff.
5A will expand STEM and career/technical education, preparing students for college and the workforce.
These funds support students, classrooms, and schools — keeping them safe. 5A has strong oversight/accountability provisions.

ARGUMENTS MADE AGAINST BALLOT QUESTION 5A
Jeffco’s teachers and staff already receive competitive wages compared to other districts and similar private sector jobs.
This measure imposes an additional tax burden on property taxpayers without any guarantee of increased academic achievement.
Jeffco Public Schools already has all the money it needs and should make do with what it already receives.
**WHAT IS A BOND?**

Bonds are a voter-approved method of borrowing funds that are used for local school and district capital construction projects.

The Board of Education has approved a $567 million bond ballot question that will appear on the ballot as question 5B.

**WHAT’S THE TAX IMPACT?**

**$567 MILLION PROPOSAL**

Residential: $1.81/month per $100K in value
- $300K home = $5.42/month
- $500K home = $9.03/month

Non-Residential: $7.28/month per $100K in value
- $300K property = $21.84/month
- $500K property = $36.40/month

*Figures are approximations based on available data.

**RESTRICTIONS & ACCOUNTABILITY**

- The funds cannot be used for senior district administration
- The spending of these funds is overseen by the citizen’s Capital Asset Advisory Committee
- The funds are subject to an annual external audit

**ARGUMENTS MADE FOR BALLOT QUESTION 5B**

Jeffco’s last major investment in its schools was 14 years ago. The district has $1.3 billion in needs. It is time to reinvest in our schools.

These bond funds will keep our neighborhood schools attractive and competitive and keep Jeffco a great place to raise a family.

5B funds will make all schools safer, better for learning, and more efficient.

**ARGUMENTS MADE AGAINST BALLOT QUESTION 5B**

Jeffco taxpayers will have to pay this debt off for 20 years, including interest – burdening property owners and businesses.

Dollars are being allocated to schools with low enrollment that should just be closed. The proposal is inefficient and wasteful.

Transparency on where these dollars would be spent and how they are accounted for is weak.

---

**Bond Uses from Ballot Question 5B**

- Adding & expanding career/technical education facilities
- Upgrading safety & security in school buildings
- Repairing, renovating, equipping, or reconstructing school buildings to ensure all schools are more safe, efficient & accessible to all students, including those with disabilities
- Constructing, furnishing, equipping & supporting needed school buildings & classrooms at all types of schools, including schools chartered by the district
Amendment 73 is a statewide Constitutional Amendment that would increase state taxes by $1.6 billion annually to fund PreK-12 public education and create an exception to the single rate state income tax for revenue that is dedicated to the funding of public schools. It requires 55% statewide voter approval to pass. Specifically, Amendment 73 would:

- Increase income tax rates incrementally for individuals, trusts & estates using four tax brackets starting at .37% for income above $150K and increases to 3.62% for income above $500K
- Increase corporate income tax rate 1.37%
- Reduce current residential assessment rate of 7.2% to 7.0% & current non-residential assessment rate of 29% to 24% for purposes of school district property taxes
- Require revenue from income tax increases to be deposited in a dedicated public education fund, allowing revenue collected to be retained & spent as voter-approved revenue changes
- Require the legislature to annually appropriate money from the fund to school districts to support PreK-12 public educational programs on an equitable basis throughout the state without decreasing general fund appropriations
- Direct the legislature to enact, regularly review & revise when necessary, a new public school finance law that meets specified criteria
- Require money in the fund to be annually appropriated for specified education programs & purposes until the legislature has enacted a new public school finance law
- Require money in the fund to be used to support only public schools
- Require general fund appropriations for public education to increase by inflation, up to 5%, annually
- Require the Department of Education to commission a study of the use of the money in the fund within five years

WHAT IS AMENDMENT 73?

Amendment 73 is a statewide Constitutional Amendment that would increase state taxes by $1.6 billion annually to fund PreK-12 public education and create an exception to the single rate state income tax for revenue that is dedicated to the funding of public schools. It requires 55% statewide voter approval to pass. Specifically, Amendment 73 would:

- Increase income tax rates incrementally for individuals, trusts & estates using four tax brackets starting at .37% for income above $150K and increases to 3.62% for income above $500K
- Increase corporate income tax rate 1.37%
- Reduce current residential assessment rate of 7.2% to 7.0% & current non-residential assessment rate of 29% to 24% for purposes of school district property taxes
- Require revenue from income tax increases to be deposited in a dedicated public education fund, allowing revenue collected to be retained & spent as voter-approved revenue changes
- Require the legislature to annually appropriate money from the fund to school districts to support PreK-12 public educational programs on an equitable basis throughout the state without decreasing general fund appropriations
- Direct the legislature to enact, regularly review & revise when necessary, a new public school finance law that meets specified criteria
- Require money in the fund to be annually appropriated for specified education programs & purposes until the legislature has enacted a new public school finance law
- Require money in the fund to be used to support only public schools
- Require general fund appropriations for public education to increase by inflation, up to 5%, annually
- Require the Department of Education to commission a study of the use of the money in the fund within five years

WHAT WOULD THIS MEAN FOR JEFFCO PUBLIC SCHOOLS (ESTIMATED)?

- $1,609 additional per pupil, each year
- $134 million annually

To learn more about Amendment 73, register to vote, or learn about other ballot measures and elections, please visit: www.sos.state.co.us/pubs/elections/

HOW WOULD JEFFCO PUBLIC SCHOOLS USE THESE DOLLARS?

- Attracting & retaining quality teachers & staff
- Additional programs & services for students (career/technical, college preparation, arts & music & more)
- Addressing class size & staffing shortages
- Early childhood education & full-day kindergarten
- Targeted supports for:
  - Gifted & Talented
  - Special Education
  - At-Risk Students
  - English Language Learners

ARGUMENTS MADE FOR BALLOT AMENDMENT 73

One of government’s most important functions is to provide children with a high-quality education. Colorado’s economy is one of the strongest in the nation and now is the best time to invest.

Addressing chronic underfunding and investing in public education supports a prepared workforce; safe and healthy communities; a vibrant economy; and the next generation of leaders, entrepreneurs, and care takers.

All Colorado students and schools benefit through increases to base funding, full-day kindergarten, at-risk, ELL, special needs, and gifted and talented programs. Dollars are under control of your locally elected school board.

ARGUMENTS MADE AGAINST BALLOT AMENDMENT 73

Amendment 73 is a $1.6 billion tax increase that may impede economic expansion. Increasing state income taxes reduces the money households have to spend/save, resulting in declining consumer spending and overall economic activity.

This measure imposes an additional tax burden on state taxpayers without any guarantee of increased academic achievement.

Graduated income tax decreases productivity. As a person’s income rises, the percentage of their income they take home decreases because the marginal tax rate increases. It will drive wealth out of the state.

STRATEGIC PLANNING ADVISORY COMMITTEE

We hope to see you at our first meeting!

The Strategic Planning Advisory Committee (SPAC) plays an important role in defining, identifying, and advising district staff and the Board of Education to provide incredible learning experiences for all Jeffco students aligned to Jeffco’s Strategic Plan.

Meeting Dates:
- Tuesday, October 2, Room 4E
- Wednesday, November 7, Room 3A/3B
- Tuesday, December 4, Room 4E
- Tuesday, January 8, Room 4E
- Tuesday, February 5, Room 4E
- Tuesday, April 2, Room 4E
- Wednesday, May 15, Room 3A/3B

All meetings are held from 4:00-5:30 p.m. at the Jeffco Ed Center.

Contact Tom McDermott
(Thomas.McDermott@jeffco.k21.co.us) for more information.
Thank you!
