School Accountability Committee (SAC)
Roles and Responsibilities Explained

Welcome to Jeffco

School Accountability Committee (SAC)

- Jeffco Public Schools believes in the value of community involvement in our schools. Active family engagement helps to ensure that the unique needs of the school's community are served through a positive collaboration between the school's leaders, staff, and members of the community.
- This presentation is a resource to support the development and maintenance of strong partnerships between Jeffco Public Schools and the communities they serve, as well as to ensure schools meet the state expectations for a School Accountability Committee (SAC) as defined by Colorado statutes, CDE guidelines, and Jeffco district policy.

The Role of the SAC

- State law requires every school (including charters) to have a SAC. Schools have many different names for their SAC; e.g., Partners in Education (PIE).
- SAC membership empowers the school community by giving members a voice in critical areas of school administration, including budget decisions and school performance improvement plans.
- The SAC serves in an **advisory** role to the school Principal.
- The school's Principal remains responsible for ensuring compliance with all federal, state, and district requirements and meeting the academic performance expectations defined by Jeffco Public Schools.

The Role of the SAC

The SAC's activities are centered around the following key areas:

- Budget
- School Unified Improvement Plan (UIP)
- Parent/family and community engagement
- Priority Improvement/Turnaround plan (when applicable)

SAC Membership

SAC membership should include the following, to the extent possible:

- Principal or his/her designee.
- Chair, who by state law must be a parent.
- At least one teacher who provides instruction in the school.
- At least three parents of students enrolled in the school.
- At least one adult member of an organization of parents, teachers, and students recognized by the school (e.g., PTA).
- At least one member of the community.

SAC Membership

The Principal, with the support of the SAC, needs to ensure that:

- The number of parents exceeds the number of representatives from the group with the next highest representation (e.g., faculty members).
- Parent representation is consistent with the student populations that are significantly represented within the school, to the extent possible. (“Significantly represented” means at least 10% of the student population.)
- Nobody has more than one role on the SAC (e.g., not both a teacher and a parent).

The Role of the SAC: Budget

The SAC's budget work includes:

- Reviewing the school budget prior to its adoption, making recommendations which ensure that funds and spending priorities align with the school's improvement plan (UIP) and the core values of the school, to the benefit of all students.
- Making recommendations on the allocation of SBB (student-based budgeting) funds.
- Reviewing school fees annually.

The Role of the SAC: School UIP

A key role for the SAC is to provide input on the school's Unified Improvement Plan (UIP). **The SAC's UIP activities involve:**

- Meeting at least quarterly to review and discuss the implementation of the school improvement plan and student performance related to the school's improvement activities.
- Providing input regarding the components of the UIP.

The Role of the SAC: Parent/Family Engagement

The SAC plays a key role in parent/family engagement, including:

- Assisting the district in implementing the district's parent/family engagement policy at the school level (see resource links, Slide 23) .
- Assisting school personnel in increasing the level of parent/family engagement in the school, especially the engagement from diverse populations.

The Role of the SAC:

Priority Improvement/Turnaround

For schools with Priority Improvement or Turnaround plan types, the SAC should:

- Hold a SAC meeting inviting families to provide input for the Priority Improvement or Turnaround plan. This input is to be used by the Principal to make recommendations to the school board concerning preparation of the school Priority Improvement or Turnaround plan.
- Invite stakeholders to the Board of Education's review of the school's Priority Improvement or Turnaround plan. Provide a written version to attendees.

The Role of the SAC Chair

- The SAC Chair presides over and facilitates all meetings, sets meeting agendas in collaboration with the Principal, and guides the team in making budgetary recommendations and in reviewing targets, improvement strategies, and other elements of the school improvement plan.
- The Chair also develops and implements plans to increase membership, serves as a communication link between the SAC and the DAC's Articulation Area Representative, and supports the efforts of the Principal to recruit parent and community members for SAC.
- The SAC Chair serves as the voice for the parent community and brings parent concerns to SAC meetings.

The Role of the Principal

- The Principal collaboratively constructs the meeting agenda with the SAC Chair and is responsible for providing the school performance data, school UIP plan, and budgetary information to the SAC for review and input.
- The Principal also secures input from the SAC about school fees for the following school year, oversees elections for SAC membership (if needed), recruits likely candidates for SAC, and champions the committee's plan to increase parent/family involvement.
- Additionally, the Principal provides various reports, raw data, and specific information requested by SAC members; provides timely progress monitoring data to assist the team in reviewing implementation of the school improvement plan; and acts as a liaison between the SAC, the school community, and the district.

SAC Bylaws and Operating Procedures

- The SAC should develop and maintain bylaws and operating procedures, to include a set of member and visitor norms that may be revised each year (see Sample Norms on Slide 21).
- Bylaws and operating procedures should also address the decision-making process, member selection process, and communication process, including who will be responsible for recording and distributing meeting minutes and agendas.

SAC Meeting Agenda

- Agendas are essential and should be sent to committee members at least a week ahead of time, along with a reminder of the meeting date and time (see Sample Agenda on Slide 22).
- Much of the agenda content will be determined by the cycle of school improvement planning.
- The Chair should meet with the Principal to plan the agenda in advance, keeping in mind what background information the committee needs in order to get the work done.
- Time should be established on each agenda for members to make suggestions for the next meeting or to share concerns.

SAC Meeting Minutes

- Minutes or summaries of each meeting should be published in a timely manner and regularly distributed through school's standard communication practices and available to the public at large.
- By making minutes available, the SAC serves an important function by providing the opportunity for parents and community members to be aware of school spending, priorities, and academic improvement processes.

SAC Meeting Schedule

- To fulfill the SAC responsibilities described in state statutes and Jeffco Public Schools district policy, SACs must develop a regular meeting schedule and should at a minimum meet **quarterly** during the school year.
- Meeting calendars should be determined by the committee within the first two months of the school year and be published in **multiple formats** (school newsletter, website, marquee, etc.).
- Meeting dates and times should occur when they best accommodate the greatest number of interested members.
