

SEPTEMBER 23, 2019

6:15 - 8:00 PM

SESSION 1 - 6:30-7:10 PM

SESSION 2 - 7:15 - 7:55 PM

Please join us in the Jeffco Public School Board Room at 6:15 pm **to start the evening!**

After the intro, Parents/Families are invited to choose 2 breakout sessions from below.

Choosing College/Post Secondary - Session 2 only

Connie Brown

4th Floor Room 4E

Don't wait for senior year to start thinking about the next step! (But if your child is a senior, you'll want to be here!) Stepping into the world of adulthood can be incredibly stress inducing, especially for gifted students who want to get it "just right". What pathways to success are available after high school and how can we help our child make the right decision? This session will provide a smorgasbord of post-secondary options as well as methods for tracking meaningful communication with prospective schools, programs and employers.

Next Level: Elementary and Middle School - Session 1 only

Connie Brown

4th Floor Room 4E

Moving from elementary to middle school and again from middle school to high school can cause a great deal anxiety for students and their parents. This session will present strategies for discussing and managing this potentially turbulent time--including things to consider when selecting the "next level" school/program, as well as techniques to specifically address anxiety.

Social Emotional Programming and Affective Goals

Jenny Fredrickson and Matt Wilkinson

5th Floor Board Room

Affective development of the gifted relates to supporting and developing the social-emotional needs of gifted students. Affective ALP goals are strength-based, measurable statements that reflect development of personal, social, communication, leadership and cultural competencies. Join us as we explore this topic!

GT 101

Ginny Grimes

2nd Floor 2A

How is "giftedness" defined? How does Jeffco Public Schools identify gifted students? What is an ALP? How do I get my student tested? Can a student be gifted in one area but really struggle in others? These are all questions (among many others) that will be answered during this session. Join us if you are new to GT, new to JeffCo, or just want more information about giftedness and GT programming. There will be plenty of time for Q&A included as well.

How to Navigate Daily Life: Executive Function

Diana Caldeira and Paula Jacques Bonneau

3rd Floor Room 3A

Join our presentation to support your child in building their executive functioning skills. We will share both classroom and home resources. These easy to use tools help build the habits necessary to be successful in life.

- Cancellations will be posted on our website
- Parents do not need to RSVP
- Babysitting is not available
- Age appropriate attendance is encouraged
